

Methods of Payment for Distance Learning Students

We would like to inform you that you can pay your tuition using the payment methods that are stated below, by writing your name and surname and your permanent student number (U...N...) or the reference number (I...N...), which is the number stated on the "Acceptance Letter" that has been sent to you and which is your temporary number until the issue of your permanent student number.

The above procedure is required in order for the University's Finance Department to be able to post the amount that you pay to your personal student account and to avoid any mistakes or any further delays.
